

# COMMUNITY PARTNERSHIP PROGRAM PROGRESS REPORT 2023

AT ENCINO ENERGY, we believe partnerships make better communities. We are committed to being outstanding corporate citizens, with active, sustainable engagement within the communities where we work and live. This commitment directly aligns with Encino's Guiding Values: Results, Transparency, Innovation, Ownership, and Sustainability.

## COMMUNITY Partnership Program

Encino's social performance describes how *our collective team* manages the impacts, *both positive and negative*, of our business on the well-being of communities and societies in which we operate. *Our overall objective is to create a positive presence and legacy around our operational areas.*

Our work in the community and commitment to the environment align well with our core value of doing the right things for the right reasons while never losing sight of our long-term focus on safety.

**ENCINO ENERGY'S CORPORATE FINANCIAL CONTRIBUTIONS, IN-KIND DONATIONS AND EMPLOYEE GIVING SURPASSED \$2 MILLION FROM 2019 TO 2023. OUR CORPORATE FINANCIAL CONTRIBUTIONS, SUPPORTED MORE THAN 145 ORGANIZATIONS AND COMMUNITY GROUPS IN OHIO AND TEXAS AND INCLUDED MORE THAN 2,000 HOURS OF EMPLOYEE VOLUNTEERING.**

**Encino Energy, Vendors Donate \$80,000 Toward Local Charities**

Encino Energy and its vendors made major donations stemming from Encino Energy's Vendor Charity Classic. Last year, Encino created the event to give thanks to those vendors and contractors who choose to work with the company and are a major reason for its success.
